GRANDMASTER ANDY ELLIOTT

PAGES
2-3

The impressions left onto his students is why we still honor and owe the man who created one of the best and complete martial arts available today. GGM Ernesto A. Presas Sr. was a not only a great fighter, he was an even better human being. His generosity to his his students and to everyone he met, left an impression of a true Grandmaster. World Kombatan Family is wanting all of GGM's students to unite and share our knowledge. .

GRANDMASTER ANDY ELLIOTT

Andy Elliott has been at the forefront for over 30 years, educating people of all backgrounds, imparting the methodology of life saving skills in all facets of life. Working on the hardcore docks and as a Bouncer on doors in the early 1980's gave Andy a great understanding of how things can be unpredictable & turn nasty very quickly!

The late Great Grandmaster Ernesto Presas promoted Andy to the rank of Grandmaster, the same day as his own son GM Ernesto (Jan) Presas at the Philippines International Camp in 2009

Andy is the President /Chief Instructor of Kombatan Combatives International organisation (KCI) and has 8 countries affiliated so far.

KCI is the proven reality based tactical division of Kombatan and acknowledged as such by the Presas family. He also holds the International position of Chief Instructor for Australia and New Zealand in Kombatan Presas Style, is the official Technical Advisor to various Kombatan groups around the world and was inducted into FMA International Hall of Fame in 2007 by GGM Presas.

MANDIRIGMA

Andy attended the 1st "official" Kombatan camp in the Philippines in 1999. In those days the camp was for 2 solid weeks, rough with no luxuries! He actually helped build the campsite & training was often interrupted by carabao (water buffalo) bringing in building materials. Andy has since attended 10 International Kombatan camps around the world, including hosting the very 1st abroad International camp in Melbourne, Australia in 2006. Nowadays Andy conducts his own KCI International training camps around the world, including the Philippines in May next year.

GRANDMASTER ANDY ELLIOTT

Andy is an International Combat and Defensive Tactics Instructor, conducting seminars and training around the world on a regular basis, having taught combatives in 20 countries. He embraces propagating not only Filipino Martial Arts, also Personal Safety & Survival Skills along with representing Multi-Dimensional Warriors, where he is honoured to be one of the very few authorised / recognised International Instructors and Mentor.

He has also achieved Nationally Accredited Academic Qualifications including Diploma of Sports Coaching, Diploma of Sports Development and Cert 4 Workplace Trainer and Assessor. Andy has featured in numerous international Martial Arts magazines over the years. He has appeared many times in Australia's special collector's editions, including the honour of being chosen for a front cover on a 'one off' special edition of 'Masters of Combat'.

Andy instructs members from Special Forces, Law Enforcement, Prison Guards, Security, Martial Artists and Civilians both nationally and internationally, keeping his skills up by training in hard-core South Africa. "Pressure testing combatives determines what is real."

You need this to be able to train and impart combative truths as truth is always based on fact!" Throughout the years of teaching Kombatant & Combatives around the world, Andy has seen a growing need of reality training to adjust to the changing aggressive environments nowadays. Everything Andy teaches, he wants it to be able to work for real under real pressure, proven by science & based on the principles of physics and geometry. Kombatant Combatives (KCI) was born out of this necessity. I feel it is my sense of duty & honour to educate students with real life saving skills, not "look good" techniques!

2017 CAMP IN
THE PHILIPPINES

5 FACTS FROM THE PHILIPPINES

The Philippines is home to the world's smallest hoofed animal, the Philippine mouse-deer. Locally known as the Pilandok

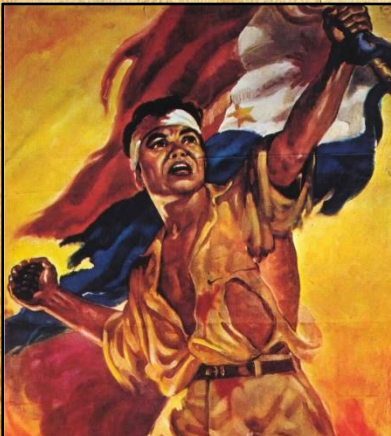

Jellyfish Lake in the Philippines contains more than 13 million jellyfish.

The world's biggest pair of shoes was Made in Marikina City, Philippines, in 2002. The wingtips measured about 17.4 feet (5.3 m) in length, 7.9 feet (2.4 m) in width, and almost 6.6 feet (2 m) in height.

The Philippines is the world's largest Exporter of coconuts and tropical fruits, such as papaya and mangosteen.

The Philippines is the only country in the world whose flag is hoisted upside down when the country is at war
